How many books can you have on hold or checked out?

You can have 10 holds and 10 books checked out.

How long are the books checked out?

The default is 7 days, but you can change the length on your account settings page on the Wisconsin Digital Library website to 14 or 21 days.

How do I return the books?

The books expire automatically when the lending period is over so you will never have overdue fees. However, you can return the book early by holding the cover in the app and selecting "return to library".
